TESTING

Astro Controls is a charter member of the Professional Electrical Apparatus Recyclers League

TESTING!

Our in house technicians are specifically trained to test as well as recondition our products to the highest standards in the industry. All test equipment is calibrated under ANSI/NCSL Z540-1 compliant certified to NIST traceability. We fully test, warranty, and insure all of our products to meet industry safety standards in addition to quality specifications. Our sales team is ready to meet the challenge 24/7 for emergency service. We are a Quick Ship Solutions Provider for Disaster and Emergency Response.
