CIRCUIT BREAKER SALES SERVICE SHOP

A Group CBS Company

Circuit Breaker Sales, a Group CBS company, specializes in the sale and service of low- and medium-voltage circuit breakers and other electrical power distribution equipment.

- Circuit Breakers
- Tough Duty® Circuit Breakers
- Switchgear
- Medium-Voltage Motor Controls
- Load-Break Switches
- Protective Relays
- Vacuum Interrupters
- Power Transformers
- Renewal & Replacement Parts
- Unit Substations
- Low-Voltage Motor Controls
- PACS Industries Circuit Breakers & Switchgear
- Life Extension, Retrofit & Retrofill Services

CBS POWER PRODUCTS

A Group CBS Company

CBS Power Products, a Group CBS company, is the electrical industry's leader for remote racking and switching solutions and for vacuum interrupter replacements and test sets. We are also a vacuum interrupter manufacturer.

CBS ArcSafe®

A Group CBS Company

CBS ArcSafe offers the electrical industry's largest inventory of remote racking and switching solutions for low- and medium-voltage switchgear. Our systems operate without modification to existing electrical equipment and allow technicians to work at a safe distance of up to 300 feet away.

- Rotary Remote Circuit Breaker Racking Systems
- Extractor Remote Racking Systems
- Handheld Remote Racking
- Single-Use Portable Remote Racking
- Remote Switch Actuators, Operators & Kits

GCBS IS YOUR SINGLE SOURCE

CBS Field Services specializes in providing electrical testing and maintenance services for electrical switchgear and power distribution equipment performed per ANSI and NETA standards.

We help your facility run efficiently by preventing electrical power problems through routine testing, preventive maintenance, engineering studies, and safety training. Our field technicians and engineers are available 24/7 to ensure the reliability and safety of your power distribution system.

Services we provide:

- Maintenance Testing
- Acceptance Testing
- Power System Studies
- Power System Monitoring
- Field Evaluations
- Partial Discharge Testing
- Electrical Commissioning Services

Vacuum Interrupters, developer of the Magnetron Atmospheric Condition (MAC-TS4®) predictive vacuum interrupter and Circuit Breaker Timer (CBT-1201®) test systems, provides vacuum interrupters, pole assemblies, parts, and components for virtually any medium-voltage circuit breaker or contactor.

- Replacement Vacuum Interrupters
- Vacuum Interrupter Repair
- VI Encapsulated Pole Assemblies
- Vacuum Interrupter Test Set
- Instrument Transfer Tester
- Circuit Breaker Timer
- High Voltage Testing Laboratory
